## **Maine Businesses to Pitch Live** *At the Gorham Savings Bank LaunchPad Competition*

Portland, Maine (June 8, 2015) – St.Germain Collins is pleased to announce that our cloud-based environmental, health and safety solution – *SENTRY EHS* – was selected as one of the top five finalists to advance in Gorham Savings Bank’s 2015 LaunchPad Competition. The next step will be for these five Maine companies to present to a panel of three judges, and just one finalist will be selected to win the \$30,000 LaunchPad award.

Patrick Coughlin, Principal & Senior Scientist at St.Germain Collins will be presenting *SENTRY EHS* in the LaunchPad “Live Pitch” on Thursday, June 18 at the University of Southern Maine in Portland. “We are happy to have this opportunity and humbled by the outpouring of support from our clients and friends. Winning Launchpad would help us reach businesses beyond our state borders, bringing revenue and high-quality jobs here to Maine, and helping to export Mainers’ commitment to environmental protection and worker safety.”

The other finalists selected and presenting at the live pitch in addition to *SENTRY EHS* are: Beach Glass Transitions, Casco Bay Butter, Flowfold, and Saco River Dyehouse.

**ABOUT LAUNCHPAD:** The mission of Gorham Savings Bank’s LaunchPad is to award \$30,000 to help fund the growth of a Maine Business. LaunchPad celebrates great ideas and provides the resources to help bring these ideas to life. For more information:
